Dear Resident

Re: Extensive Works to the Intercoms – Monday 17th February to Friday 6th March

This letter is to advise you that extensive works will be undertaken to the intercoms, commencing in February.

The works will be undertaken over a course of 3 weeks. The works will commence on Monday 17th February and are scheduled to be completed on Friday 6th March.

The contractor undertaking the works is Symonic Technology Ltd. This contractor maintained the Intercom System for several years at Goulden House and has recently returned to the UK from working overseas, so his knowledge of the intercoms is extensive. The contractor has been fully briefed with regards to the current issues with the Intercoms. The purpose of these works is to try and address the current issues with the intercoms and to hopefully provide our residents with a temporary solution until such time that the Intercoms are replaced in 21/22.

Symonic Technology Ltd have advised that they will be requiring access to a number of flats throughout the duration of these works, we will endeavor to give you as much notice as we possibly can.

We shall of course keep you updated on the progress of these works.

For and on behalf of Goulden House Co-Operative Ltd

Yours Sincerely

Annie Gleeson MSc
Estate Manager
