Upcoming Gas Pipe Inspection

**Goulden House Block A,
Winders Road,
Battersea,
SW11 3EZ**

Dear Occupier,

For your information Cadent Gas will be carrying out essential safety checks within your local area.

Cadent Gas has a legal duty under Pipeline Safety Regulations to carry out an assessment of the condition of our pipework. We must carry out these checks even if there are no problems with your gas supply. To do this work we need to see as much of the pipework within individual flats and apartments. We will look to undergo this inspection throughout week commencing **04/04/2023 between the hours of 09:00AM to 05:00PM**. Should you not be available on these days our engineer attempts to access your property, a further letter will be left to re-arrange another appointment date and time suitable for you.

As this work is required by law it is essential that this inspection is carried out as soon as possible. Your support in allowing us access to your property is vital.

Following this inspection, we will determine whether any further repair work is required and please be aware that **there is no charge for this work**.

For your information, the assessment will be carried out by one of our specialist engineers who will have the appropriate identification.

Yours Sincerely,

Cadent Gas Limited
