## **NOTICE TO RESIDENTS – UPDATE ON PEST CONTROL – TUESDAY 13<sup>TH</sup> JUNE 2023**

This notice is to provide you with the most recent update from Pestgone (pest Control contractor), from their visit today, which is as follows:

***“A routine inspection was carried out today across all areas of the premises, including all internal communal areas and landings. Eternal areas, including both Inner and Outer Greens, Communal Gardens and Bin Stores, during our increased visits to site over the past month. We have seen a steady decrease in activity levels across the estate, this coupled with restructural and remedial work across the estate, have had a dramatic impact on the reduction of activity levels across all areas. All bait stations have been fully serviced, with bait replenished and refreshed where needed, good levels of housekeeping and hygiene standards were found during today’s inspection and staff have reported no issues since previous inspection. Bait Stations have been increased across the estate to allow greater coverage and control. All baiting points have also had baits increased to allow full capacity monitoring. PestGone will continue to monitor on forthcoming service visits”.***

For and on behalf of Goulden House Co-Operative Ltd

Annie Gleeson MSc  
Estate Manager
